

Download the APP

App

Scan the QR code to download and install the app on your mobile device, following the prompts.

You can also search for "Tuya Smart" on the Google Play Store (Android) or the Apple App Store (iOS) to download and install the app.

1. Press the power button on the e-scooter to turn it on.
2. After installing the app, register and log in.
3. When you open the app and log in, compatible devices will be automatically detected. Simply click «Add» to connect your e-scooter.
4. You can also add a device manually. In the app, click on the «+» button on the top right corner, and then click «Add Device» to search for nearby devices.
5. Use the app to activate and explore its functions to enjoy your ride fully.
